

Android Studio Map

ATLAS Mobile Makers

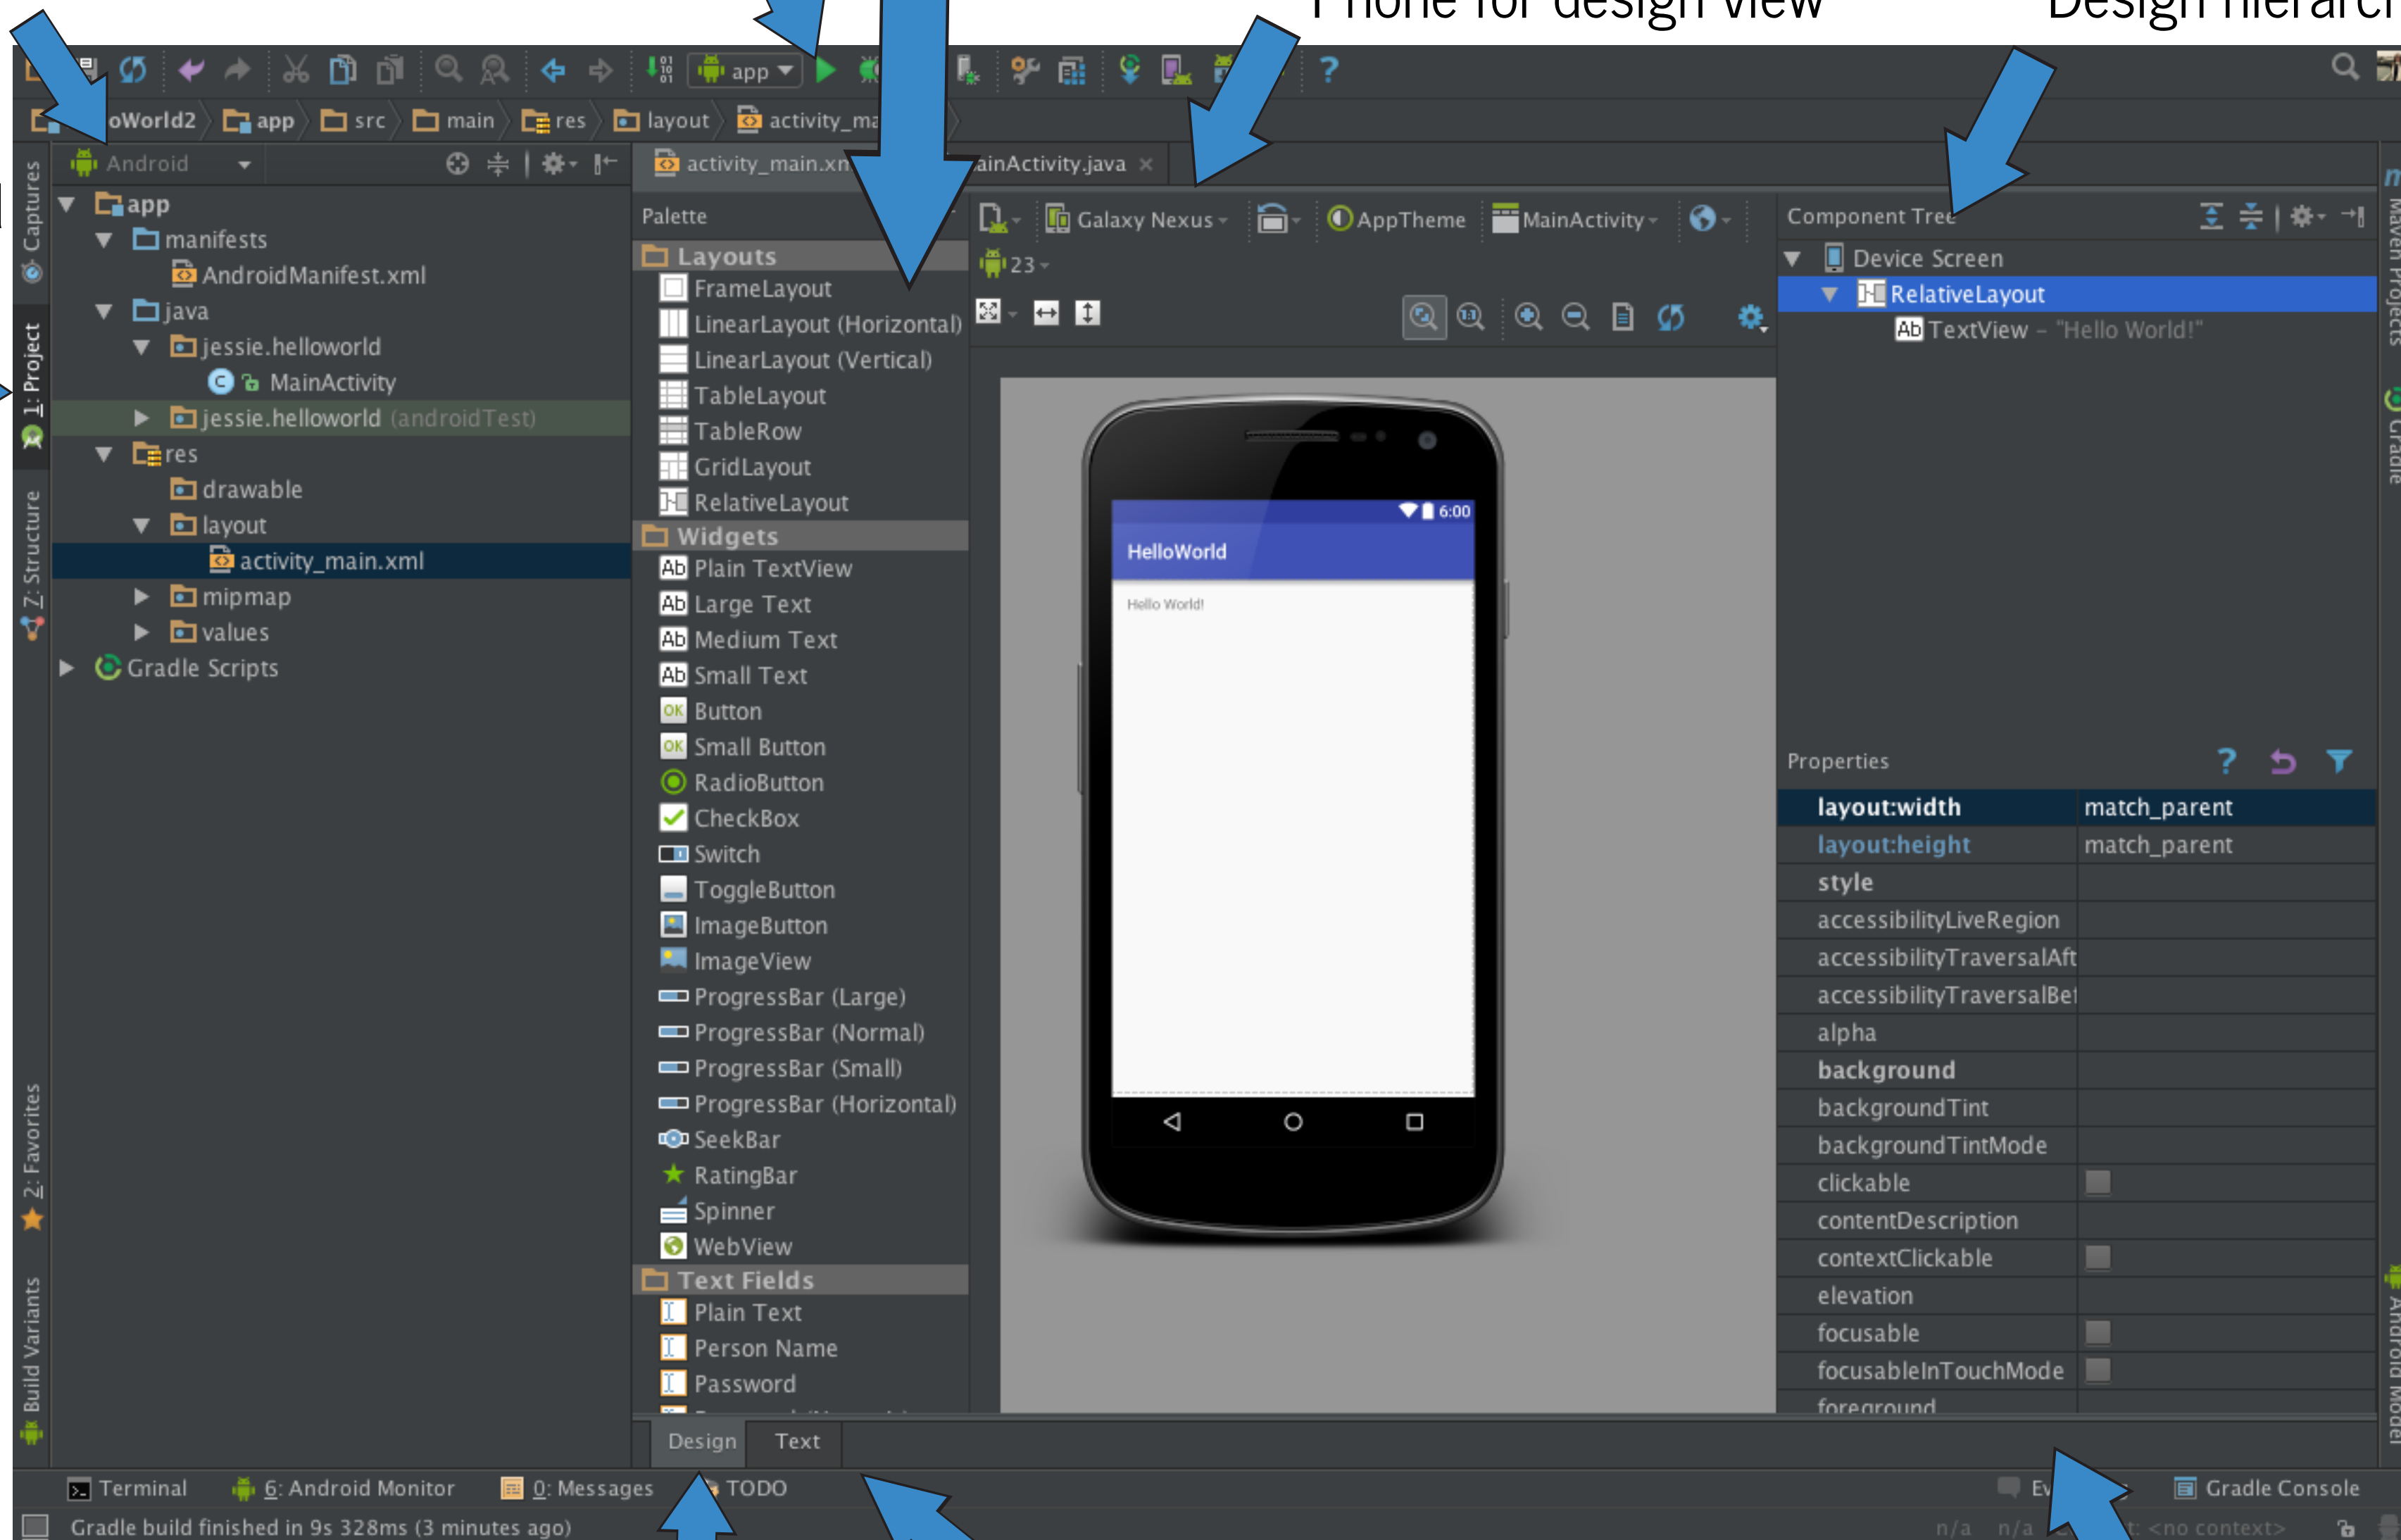

Make sure you are in Project and Android

Run app

Objects to add to view

Phone for design view

Design hierarchy

- MainActivity is your main java file for the main view
- activity_main.xml is the layout file for the main view

Design is the layout of the .xml file you are working on

Text is the code for the design

Object properties

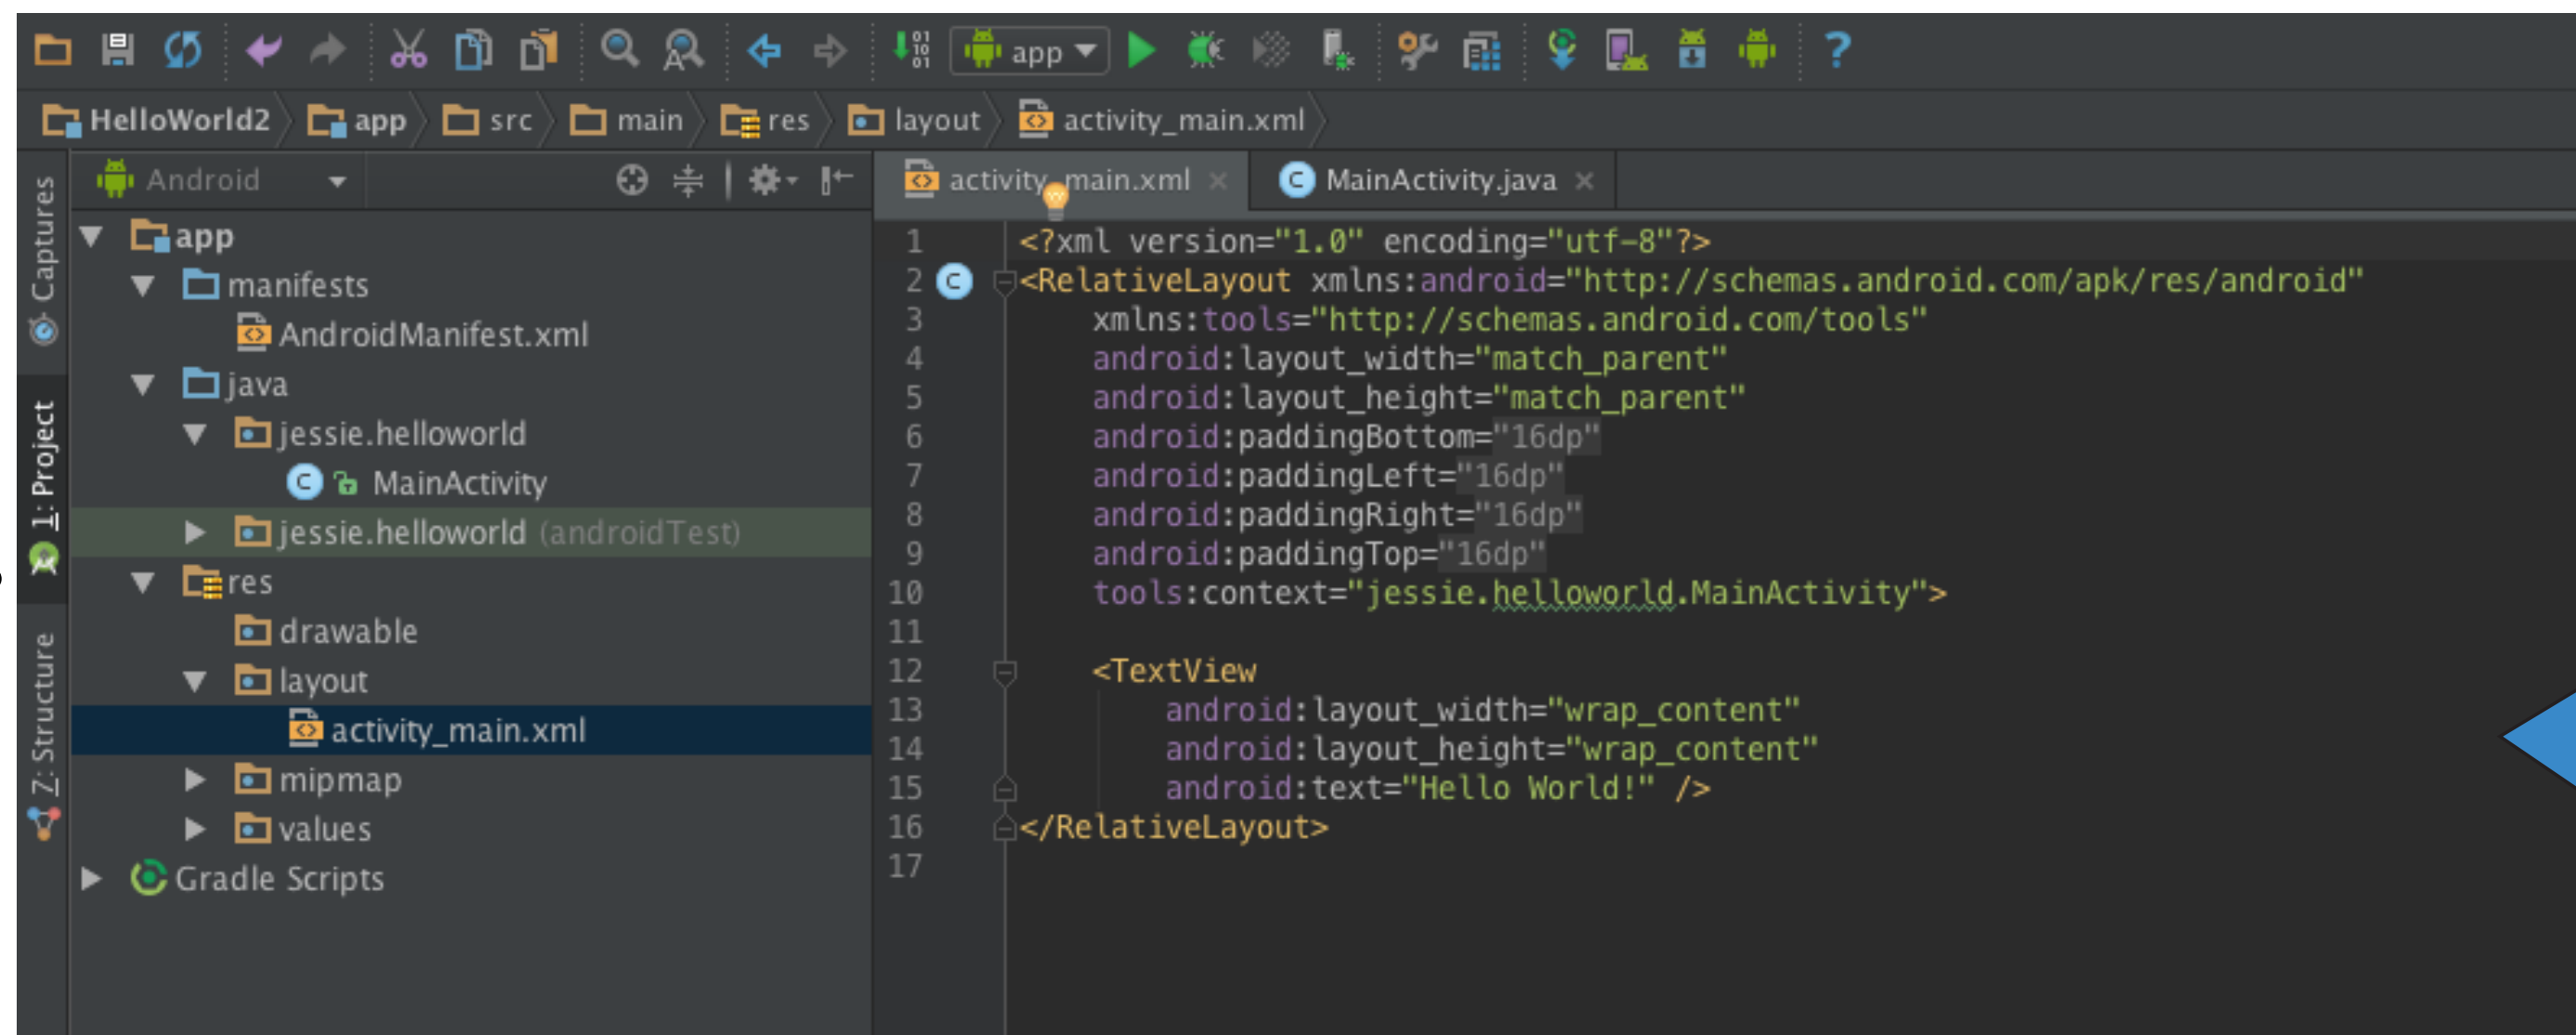

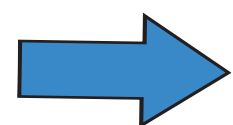

Android Studio Map

ATLAS Mobile Makers

'Text' Tab

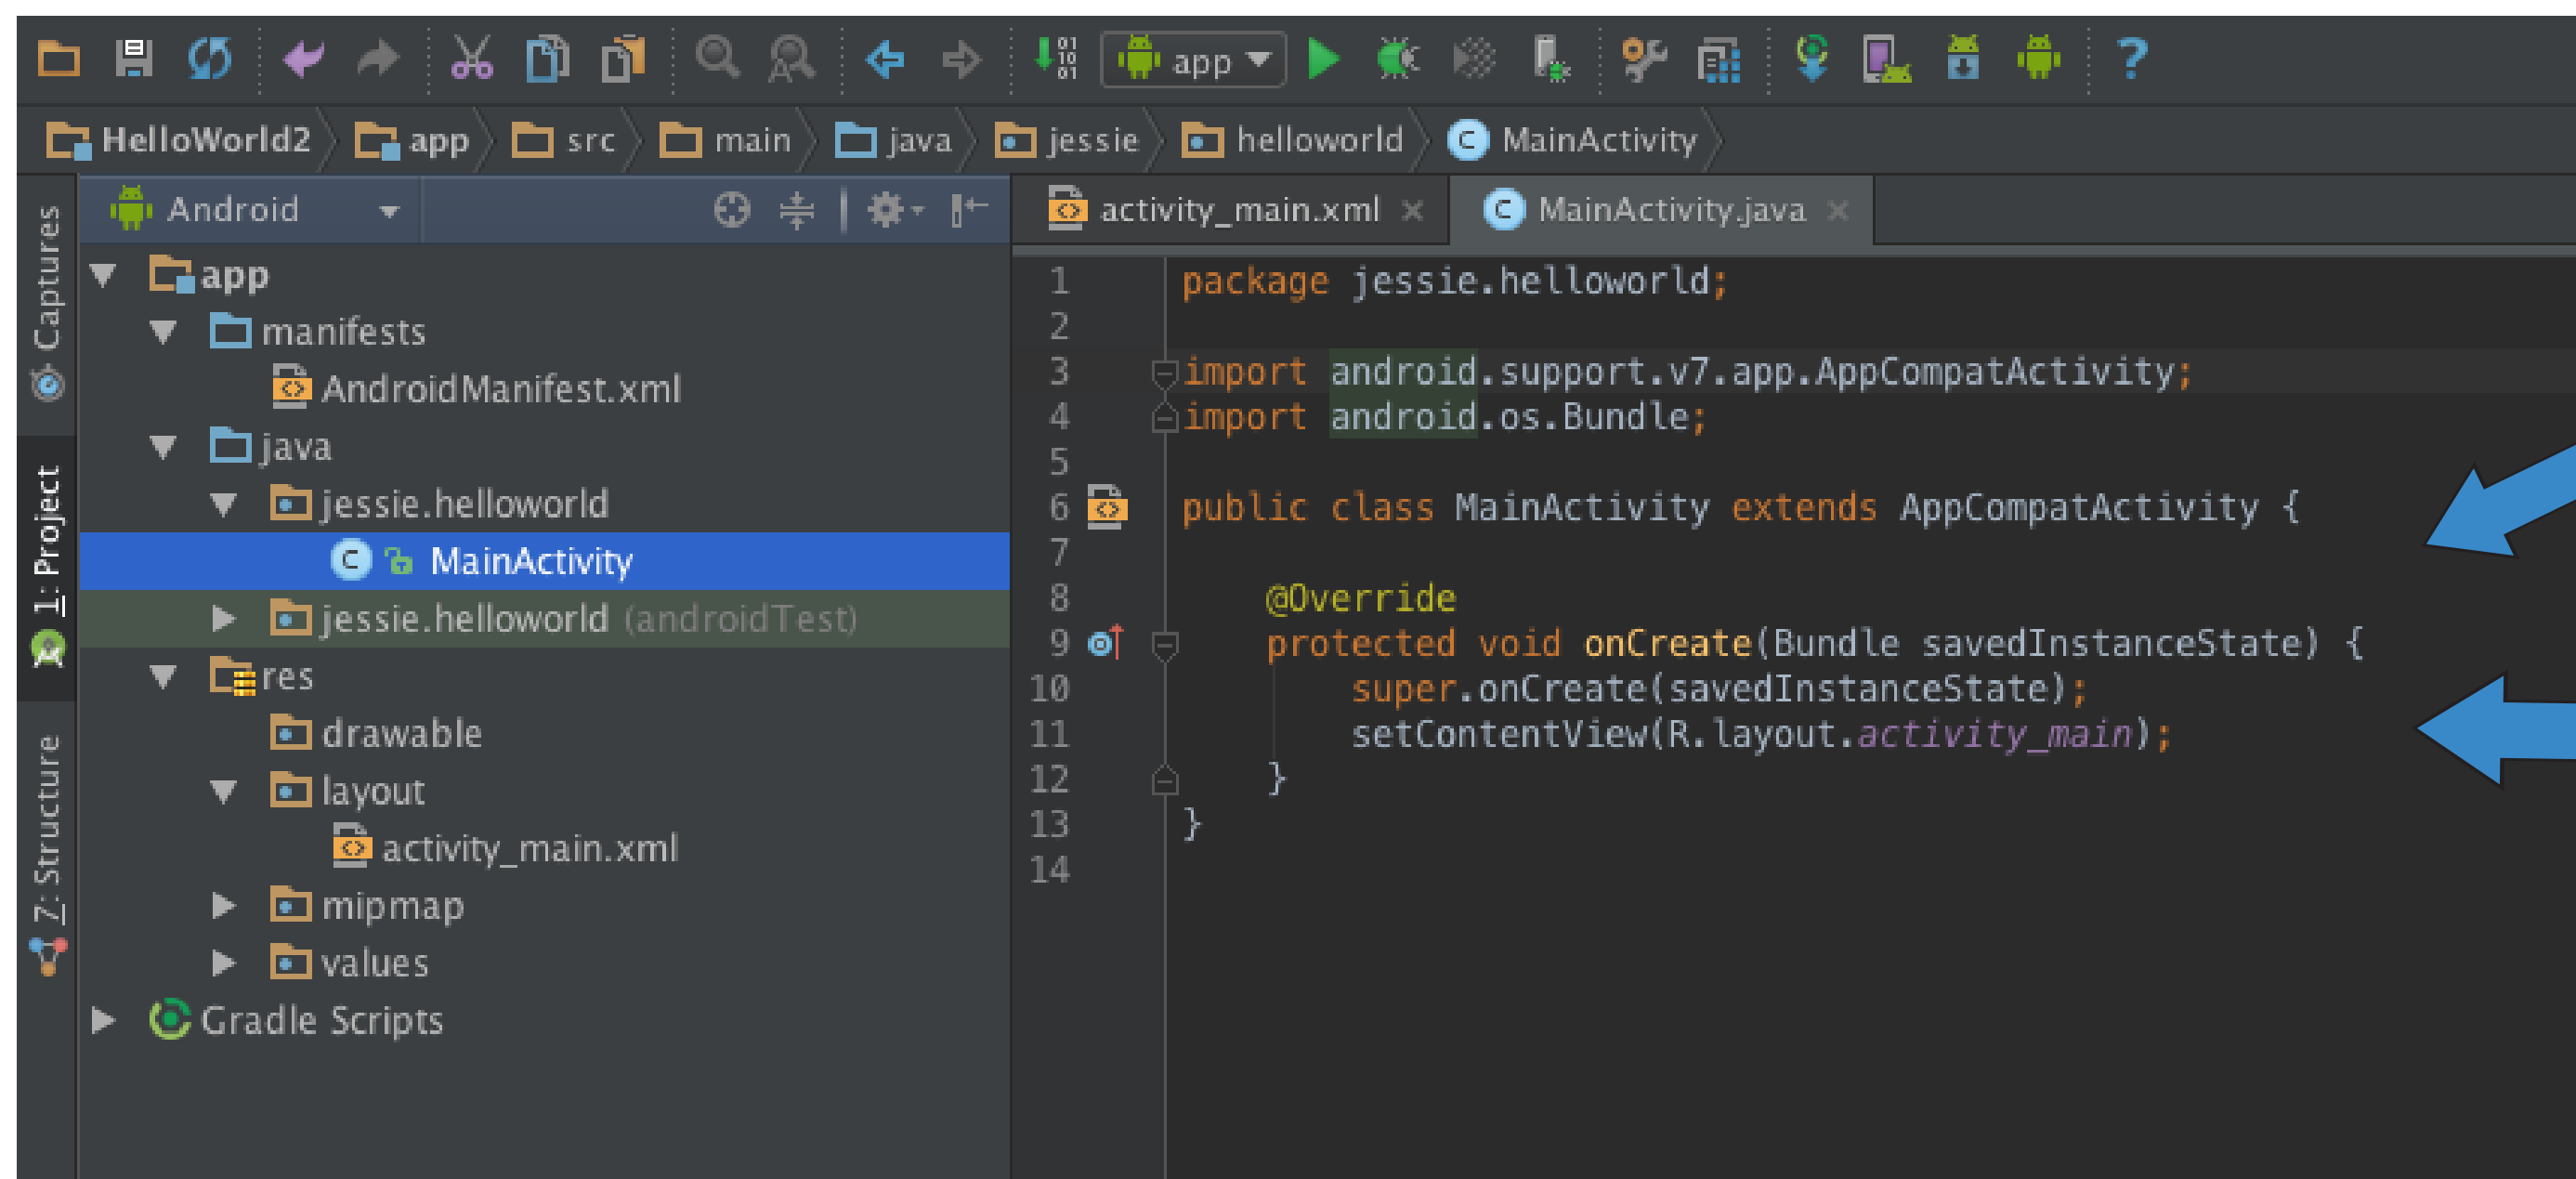

activity_main.xml is
the layout file

It's your
Hello World
text view!

Java file for main view

You put most of
the code inside
the public class
MainActivity

The function
onCreate holds
actions to occur
before the view is
created
